How to hot wire a 97 ford expedition - Fixya

I have a 1997 Ford Expedition the anti-theft light is blinking. I lost the security chip out of the key. And I had two other transponder keys made and took it to the Ford Place and they wiped the computer system playing I guess but they said these keys are programmed to the truck but the anti-theft light is still blinking and will not start.

Anti-theft light is blinking and won't start - 1997-2002 ...

PATS is an acronym that stands for Passive Anti-Theft System (Ford also calls this SecurILock). It is also called a transponder key. It is a security feature found on most (if not all) new Ford products, and what it does is disable your vehicle's starter unless your specially programmed key is used to start the vehicle.
