For car enthusiasts, a manual transmission is always the answer. But when it comes to off-road enthusiasts, that's not always the case. That's because automatics can actually be a huge benefit ...

When An Automatic Is Better Than A Manual Off-Road (And ...

If you're in a situation where you need all the horsepower and torque that you can get, like racing, towing or off-roading, a manual may do you better than an automatic. High Speed Off-Road Situations: When you're going fast off-road, like going up a steep slope, you need all the control over your engine revs and torque that you can get. A manual transmission gives you the control that you need, at these speeds, to get you where you need to go.

Rock Crawling: Is Automatic or Manual Best? - Off Road Manual

First off it depends on driving habits and plans. I have a s15 build that I'm going to throw a 350 in w/auto. I own a manual car right now. Shifting does not bother me at all, like previously stated I dislike it in traffic. I prefer auto with crawling, general offroading and driving I can go either way.
