Bikenomics: How Bicycling Can Save the Economy (Bicycle ...

Blue's Bikenomics begins with a preface explaining that the "economy" of her subtitle is not as limiting as it might seem. She argues that "there are really two economic cases for bicycling": the first is the obvious one, that it contributes to growth; the second is the more radical one, that it offers people the option to "opt out of the cost of car ownership or reliance on largely dismantled transit systems", as well as connecting and strengthening communities.
