Are Chiropractors Legitimate? | Time

When it comes to
chiropractic, the focus
is on the manipulation
of the spine and
treating the entire
body, not just the
symptoms. This means
that a chiropractor
won't hand you
prescription for pain
medication and not

‘hand’) and praktos (meaning ‘done’), i.e. Done by Hand. The name was chosen by the developer of chiropractic, Daniel David Palmer. A prolific reader of all things scientific, DD Palmer realized that although various forms of manipulation had been used for hundreds if not thousands of years, no one had developed a philosophical or scientific rationale to

explain their effects.

History of Chiropractic

Chiropractic Home
Chiropractic as a
profession began in
1895 when its founder,
Daniel David Palmer,
“adjusted” the spine of
a deaf janitor and
claimed to restore his
hearing. Spinal
manipulation was not
an unknown treatment
in 1895, and Palmer
never claimed to be

the first to use
manipulation for the
cure of disease.

What Is the History of Chiropractic? | Taking Charge of ...

The word
“chiropractic” comes
from two Greek words
that mean “hands-on
care.” Chiropractic
care is treatment that
focuses on how your
muscles, bones and
joints affect your
overall health.

Read Free Chiropractic First Lots Think About

While you might think of chiropractic as more of an “ache and pain” control center, there is substantial evidence that regular adjustments can help to cut the risk of depression. There is no doubt that chronic pain often causes depression and when you consider that chiropractic can substantially reduce or eliminate pain, it makes sense that this
