Cistercian Sign Language Cistercian Studies No 11

A fascinating form of sign language specific to the Order of Cistercians of the Strict Observance, or Trappists, arose out of dissonance between pious devotion to daily times of silence and a nagging necessity for communication in certain situations. This holy little language is still used by some of the older members of Trappist communities.

Cistercian Sign Language Cistercian Studies No 11

Cistercian Studies Quarterly is an international review of the Christian monastic tradition . Its purpose is to strengthen the bonds of charity between Cistercian Orders and among their communities, and to foster knowledge of Cistercian patrimony in view of its salutary effect on the lives of Cistercians and on the Church. The journal's motivation is charity expressed in the scholarly integrity and aesthetic detail with which it hands on the living Word for Whom the monastic has left all things.

The Cistercian Sign Language: A Study In Non Verbal Communication (Cistercian Studies Series #11)

The Cistercian Sign Language: A Study In Non Verbal ...

Monastic sign languages have been used in Europe from at least the tenth century by Christian monks, and some, such as Cistercian and Trappist sign languages, are still in use today — not only in Europe but also in Japan, China and the USA. [1] Unlike deaf sign languages, they are better understood as forms of symbolic gestural communication rather than languages, and some writers have ...
