model describes a communication exchanges between two stations, transmitter and receiver. Signals or information's passes from source to distention through what ...

(PDF) Introduction to Communication Systems

There was a neat book by Roddy and Coolen that made early studies on Modulation theory very easy. Mischa Schwartz's Information Transmission, Modulation and Noise was a favourite, as was of course Simon Haykin's Communications Systems. Later Kamilo Feher's books were very good to read. I found Bernard Sklar's book to be very comprehensive.
