ELMO Document Cameras Document cameras (also known as Doc-Cams or Visualizers) are digital cameras used to present objects or papers for a group to see. Most document cameras do not have the ability to project or display an image on their own so they will need to be connected to a computer or projector.

ELMO - Document Cameras

ELMO has been in the Business and Legal market since the introduction of the first overhead projector in 1969. Since then ELMO has come a long way with document cameras catered to this specific market, meeting consumer needs with smaller and much more portable cameras for people ready to present on the go.
