Georgia Engineering Firm License | Harbor Compliance

Georgia now requires NCEES Record for comity licensure. In an effort to improve its licensure process, the Georgia State Board of Registration for Professional Engineers and Land Surveyors recently began requiring an NCEES Record for professional engineers seeking licensure by comity. The state joins four other jurisdictions that have set this requirement: Massachusetts, Rhode Island, and Puerto Rico require engineering comity licensure applicants to have an NCEES Record.

Georgia now requires NCEES Record for comity licensure

A small key or padlock in the status bar on the bottom of your browser indicates that your session is secure and encrypted. A locked padlock, or a key, indicates a secure connection and an unlocked padlock, or a broken key, indicates an unsecure connection.

License Application Status Check

Design Firm - Engineering firm registration is sometimes grouped with architecture and land surveying on a single “design firm” application form.. EI (Engineering Intern) - A term also used to describe an Engineer in Training. EIT (Engineer in Training) - A professional designation granted upon having completed at least 3 years of school at an ABET-accredited university and having passed ...
