Harley Davidson Sportster Engine Reliability

Although the Harley-Davidson Sportster is fairly reliable, there are a few issues worth noting. The OEM clutch springs can be somewhat weak; many owners fit aftermarket ones. Some of the exhaust bolts can also rattle free, due to their design.

Which Used Harleys Are the Most Reliable?

They also locate all of their engine pushrods on the same plane. The big twin engines use offset or angled pushrods to handle the valve operation where the Sportster's are straight. Old does not mean it's necessarily bad mind you, the Evo Sportster engine is quite possibly the most reliable engine Harley makes. This is primarily due to years and years of continued improvements and updates to that platform to the point of near perfection.

Harley Davidson unveiled the new Sportster engine today ...

The 883 is a smaller bore engine built on the same bottom end and driveline as the 1200, so even though it's the hardest working engine in the fleet, the rest of the bike is built to handle a lot more torque and power, so in that light I would say it's probably one of the most reliable of Harley's fleet. Sure they do.

How reliable is a Harley Davidson 883 engine? - Quora

The Harley-Davidson XL1200 Sportster's engine is undeniably crude - but is that a fault or a virtue on a motorcycle like this? No Japanese engine can touch it for character.

HARLEY-DAVIDSON SPORTSTER 1200 (1995 - 2007) Review | MCN

If a modern Harley is properly maintained and serviced, they're perfectly reliable and getting 100,000 miles or more from a Harley is no longer the exception, but instead common.

Are Harley Davidsons Reliable? Hell Yes! - Get Lowered Cycles

It is a really serious engine problem that needs a lot of attention to get fixed. The scariest part here is that it can fail at 15,000 miles and even the new hydraulic system can fail at 40,000 miles or less. The plastic shoes need replacing every 40,000 miles because of its weak durability.

Harley Davidson Twin Cam Engine Problems? What To Do ...

EVO engine in the Sportster . In 1986, Harley-Davidson upgraded the Sportster with the newly designed Evo engine, replacing the Ironhead that had become a staple of the Sportster since its inception. Harley's decision to stick with the semi-unit construction of previous Sportsters resulted in a distinctly configured valve train.

A brief history of the Harley-Davidson Evolution Engine ...

941. '94-'03 Evo Sportsters, the most reliable bike H-D has ever made and probably ever will make. Evo Big Twin is a close second, but the unit construction of the Sportster avoids so many potential issues you face with a bike with separate engine, trans. and primary cases. 02-27-2013 #17.

What's the most reliable Harley Davidson

Most buells are built sportster engines. They are built from the ground up to have 100hp, and be

Read Book Harley Davidson Sportster Engine Reliability

dead reliable. You put 100 hp through an otherwise stock sporty engine (IE: turbocharging), you have a very expensive grenade. The other issue is starting them up, and then blasting off with high revs on a cold engine.
