CALIFORNIA STANDARDS TEST Released Test Questions 10

Assessments for Science Assessments are tools educators use to measure students' academic achievement. Assessments should contain questions that require deep critical thinking and writing, rather than standard multiple-choice.

Science / Assessments

Why are these science results released so much later than the National/State science results? Dr. Peggy G. Carr 's response: The report production and review process gives priority to subjects addressed by No Child Left Behind (i.e., reading and mathematics). At this point, NCLB does not address science NAEP scores.
