Reforming Higher Education In Vietnam

Vietnam is a dynamic regional player and, like its neighbors, is seeking rapid development of its higher education system. Since reform was first mooted in 1993, the numbers of young people going on to higher education have increased dramatically - up from 2 per cent in the early 1990s to over 13 per cent at present, and a higher system that was once comprised entirely of small, specialised institutions has been transformed into one in which the

Online Library Reforming Higher Education In Vietnam Challenges And Priorities

Higher education reform has been recognised as a national priority since Vietnam's successful reform or 'Doi Moi' policy in the late 1980s. Higher education reform has, in conjunction with other reform policies, assisted in sustaining Vietnam's high growth, significantly reducing poverty, and in improving Vietnam's foreign relations and global influence over the past three decades.

Grading Vietnam's higher education reforms | East Asia Forum

Vietnam is a large country and cannot possibly "outsource" higher education to foreign universities. Second, as long as Vietnamese universities continue to offer appalling working conditions and unattractive incentives, individuals who study abroad will continue to avoid university careers.
