The Revolt of the Elites and the Betrayal of Democracy warned of a growing cultural and social divide caused by a rapacious free market and the radical politics of the Sixties, one that would lead to extremism and division.

## **How a 1990s book predicted 2020 - UnHerd**

The great political conflict of our century, I believe, is that between a networked public and the elites who inhabit the great hierarchical institutions that organize modern life. The Revolt of the Public opens with this tectonic collision already rattling the world. The first edition of the book was published in 2014, and I desperately wanted to make readers aware that behind the rituals of our partisan politics a much more profound struggle was battering and changing the society we had ...
