Youth Programs As Builders Of

Description. This volume builds understanding of practices in youth and community development that create or build social capital assets at the individual, group, and community levels. The authors explore whether programs contribute to the development of social capital at the individual and community scales, thereby fostering and enhancing positive youth development as well as community development.

Wiley: Youth Programs as Builders of Social Capital: New ...

With love and respect, YouthBuild partners with opportunity youth to build the skillsets and mindsets that lead to lifelong learning, livelihood, and leadership. Within the opportunity youth population — young adults between the ages of 16 and 24 who are neither in school nor employed — the YouthBuild movement primarily serves young people who lack a high school diploma and financial resources.
